Index to the Human Relations Area Files

We are pleased to announce the availability of the *Index to the Human Relations Area Files.* An introduction to the *Index* was presented in *Behavior Science Notes* 7 (1972), and readers are referred to that article for details of preparation, structure, and usage.

The *Index* has been produced in 8 volumes, totaling approximately 5,000 pages, 8½″ × 11″ in size. It was initially planned to publish the material in 10 volumes; however, upon going into production it was realized that an 8-volume set was feasible and would offer the advantages of a more compact format.

In order to use the *Index,* three other HRAF publications are necessary:

OWC – George P. Murdock, *Outline of World Cultures* (4th ed., revised) New Haven, 1972.

OCM – George P. Murdock et al., *Outline of Cultural Materials* (4th rev. ed., 4th printing, with modifications), New Haven, 1969.

HSB – *HRAF Source Bibliography,* New Haven, 1969 (with updating through 1974).

The 8-volume *Index* plus the *OWC, OCM,* and *HSB* are available to nonmembers at $950. Associate members of the HRAF-Microfiles program may acquire the complete package at the special rate of $850. Members who have previously purchased the *HRAF Source Bibliography (HSB)* may deduct an additional $100., and acquire the *Index* and the latest editions of the *OWC* and *OCM* at $750.

The *Index* may be ordered directly from HRAF, Inc. in New Haven. Please include precise billing and shipping instructions. Additional information may be obtained by writing to HRAF.

Such abstracts will automatically be considered for publication in *Abstracts in Anthropology*. Material may be reprinted only with the written permission of the publisher.
